**Subject:** Hdbay letter dated May 18, 2015

**Brief Summary:** Hdbay letter to Corps dated May 18, 2015 regarding EPA's *Other Water Aspects* letter to the Corps dated April 14, 2015.

On May 18, 2015, Hdbay sent a letter to the Corps objecting to EPA's analysis of the water quality impacts to Outstanding Arizona Waters (OAWs) downstream of the proposed mine. EPA maintains the §401 certification issued by ADEQ on February 3, 2015 fails to provide sufficient measures to safeguard the water quality of the Cienega Creek watershed.
